

Woodside Trainer Incentive Rules:

At each of the 2011 Woodside hunter/jumper shows, each trainer will accrue points from the highest scoring hunter, the highest scoring jumper, and the highest scoring equitation rider. Points will be calculated using the sections where a show championship is awarded. If a horse shows in multiple sections, only the highest scoring section will accrue toward Maui Trainer Incentive points. Equitation riders may only accrue points in one equitation section. Point values will equal the points earned on the championship chart. Even if a trainer does not field a horse or rider in all three divisions at a given show, the trainer will receive points for the division(s) entered. Any questions or disputes will be decided on by the Woodside Trainer Incentive Committee, and its decision will be final.

Point standings will be on the website at <http://www.langershows.com/programs.php>.
